

## DISTINCT TO PARTNER WITH THE DUBLIN INSTITUTE OF TECHNOLOGY, SCHOOL OF COMPUTING

31.03.2011

Distinct are delighted to announce their sponsorship of the MSc in Computing (Data Analytics) with the Dublin Institute of Technology for the 2011/12 year.

The MSc in Computing (Data Analytics) is a specialist post-graduate programme run by the Dublin Institute of Technology Schools of Computing and Mathematical Sciences designed to create hybrid technologists to work in the growing and dynamic area of data analytics. The course is a modular, flexible offering, which can be taken both full and part-time.

As Ireland's leading Analytics Consultancy, the course is of significant importance to our graduate recruitment and growth strategy and Distinct are delighted to be working on a range of sponsorship and partnership opportunities with the University, which will be announced over the coming months.
