

## The Distinct Scholarship Launch

Distinct are delighted to announce our partnership with the UCD Michael Smurfit Graduate Business School and in particular, our support of the MSc in Business Analytics by offering the Distinct Scholarship. As the leading Analytics solutions provider in Ireland and with continued expansion into the UK, we are keen to support the development of local talent in this business area.

After interviewing applicants back in September, the Scholarship was launched late last month with Niamh Carroll being awarded the inaugural Distinct Scholarship. Niamh is a First Class Honours Graduate of Mechanical Engineering from UCD and will complete her Dissertation with Distinct as part of her Masters.

For more information on the MSc in Business Analytics, please see the attached link:
